Unit Evaluation

I hope you have enjoyed this unit of study on light. The following evaluation will help me make changes on this pilot project for others to use in the future. Thank you ahead of time for your help and time taken to participate in this DDN connection.

What activity did your students enjoy or find most helpful?

What activity did your students find confusing or not helpful?

What materials did you as an educator enjoy or find most helpful?

What materials did you as an educator find confusing or not helpful?
